WHO WE ARE

EPIC Generation takes a refreshing approach in empowering kids and promoting positive values through its TV and digital shows, experiential learning opportunities, and meaningful events.

Founded by **Christine Santos** in 2019, the company offers Empowering, Positive, Inspirational and Creative (EPIC) content and resources that help fill the gap in mainstream media programming and school curriculum.

More than a TV Show...It's an EPIC Adventure!

Aside from its TV shows, EPIC Generation offers young media creators hands-on learning experience and opportunity to produce their own shows. Its well-rounded training program helps kids become critical thinkers, engaging storytellers, responsible media creators, and conscious leaders.

As a Certified Common Sense Media Educator, MediaSmarts Media Maker Expert and a WISDOM Coach™, Christine encourages kids to create their own EPIC content and carve out their space in the world.
